A strength-guided, goal-oriented approach to the positive growth and development of people and services.

Life of a Child with a Separated Parent – June 4, 2014

Children of separated parents are often subject to the turmoil of their parents' dispute. At times, the dispute spills into the childcare setting. This workshop will address issues faced by the child and at times childcare staff. Attendees will learn strategies for helping children cope with these circumstances and strategies to manage parents whose issues intrude on the childcare setting.

- This workshop was very educational and informative.

Q4

I will implement the information from this workshop by:

- Information my team members on ways we can help the families in our centre.
- If I were to come across a situation with parents who have been separated and it is high conflict I feel like I would have the knowledge to approach the situation and be successful.
- Helping families and their children along with supporting them.
- This information will be implemented in my day to day life; having to deal with a child of separated parents and the child themselves.
- Implementing suggested strategies - Coaching ECE's - Maintaining safety of child and neutrality
- In my daycare
- By using it when dealing with separated parents
- Using it at my childcare centre when we are in that situation
- Presenting it to the staff at my school
- Supporting children through these difficult times and ensuring they are developing at a normal rate and having their needs met.
- Making my classroom a safe neutral place for the children in my care.
- Bringing back the information I have learned not always the solution for behaviours of child is dealing with their parents being separated).
- To my centre and pay closer attention to children when they are suddenly aggressive or withdrawn.
